CERTIFICATE OF SERVICE BY ELECTRONIC FILING

I am familiar with the United States District Court, Southern District of California's practice for collecting and processing electronic filings. Under that practice, documents are electronically filed with the court. The court's CM/ECF system will generate a Notice of Electronic Filing (NEF) to the filing party, the assigned judge, and any registered users in the case. The NEF will constitute service of the document. Registration as a CM/ECF user constitutes consent to electronic service through the court's transmission facilities. Under said practice, the following CM/ECF users were served:
